Easy Assembly

NaturoPure™

DELUXE JUICER HF 3022

A 750 W motor (around 1 horse power) and surgical stainless steel blades provide maximum performance, allowing you to juice every part of your fruits and vegetables. With 17000 RPM motor, Heaven Fresh juicer extracts more juice than a regular juicer using the same amount of fruit. With generic juicers, valuable juice is wasted in pulp.

FEATURES

- Dual Speed selector for a variety of juice sources
- 750W high output motor to extract more juice
- Stable feet with strong suction
- Easy snap-in and snap-out pulp container
- Detachable pulp collector for nutrient-rich, healthy sauces, sorbets, breads, soups and more
- Surgical quality stainless steel blades
- Uses centrifugal method of juicing
- Large size 1.8L pulp container
- Safety features do not allow operation without proper assembly
- Large Feeder for juicing whole fruits and vegetables. There is little or no slicing, dicing, peeling or chopping

SPECIFICATIONS

Model:	HF 3022
Rated Voltage:	110-120V AC 50-60Hz (North America) 220-240V AC 50-60Hz (Europe and Asia)
